BOY SCOUTS TO HELP GET OUT NOVEMBER VOTE

Adams County's Boy Scouts will again take part in a nationwide campaign of the Boy Scouts and Freedoms Foundation to get out the vote November 6.

Stanley Rogers, Black Walnut District Scout Field Executive, told the district committee at its meeting Wednesday evening at the engine house that posters and "door hangers" are available for distribution to the various troops.

The posters urge all eligible to vote in November. The door hangers are printed forms in the shape of a Liberty Bell, urging people to "vote as you please, but vote" on election day.

The non-partisan effort to urge people to cast their ballots has the approval of both political parties and Freedoms Foundation.

Jamboree In 1957

John C. W. Riddle, chairman of the Black Walnut District Committee, urged all scouts and as many scouts as possible to be present Wednesday afternoon at 2 o'clock for the dedication of the Albert Woolson monument in Zeigler's Woods.

"The dedication marks a great historic moment, the passing of the Grand Army of the Republic," Riddle said. "We should attend if at all possible, for in a sense it puts us in touch with the past in our nation's history."

Appointment of Crosby Hartzell as chairman of the district "National Jamboree committee" was announced. The Jamboree will be held at Valley Forge July 12 to 18, 1957. Provision will be made for 50,000 boys to attend. The quota is one boy from each Scout troop or Explorer post. Field Executive Rogers explained that "There are 7,000 Boy Scout troops and Explorer posts in the U. S. That means that applications must be in early."

Deadline Is Jan. 1

January 1 is the last date for applications to be submitted. Scouts must be 12 years of age or over, at least second class scouts and must be approved by the council committee before their application will be submitted. The cost is \$50 plus transportation and incidental expenses. Rogers said the York-Adams council is planning to make up three troops to send to the jamboree.

Rev. Robert Shaull, Arendtsville, reported that 14 members of the Boy Scout troop there will have reached the age of 14 "within the next few months" and arrangements were made for Rogers to set up an Explorer post in that community in the near future.

Hunterstown and Bonneville Boy Scout troops were praised for the manner in which they are progressing. Both troops have been established since the last meeting of the district committee, both have

DEFER START OF BUDGET PLAN

An improvement in the Manufacturers Light and Heat Company's 10-month budget heating plan has stepped-up applications and brought on a backlog in processing them, manager Julian N. Estep said today.

"Our plans originally called for customers to get notices on what their monthly payments would run within a week of the time we received applications," Estep said. "It will take longer than that now."

The gas company budget payment plan has been changed to start in October this year, instead of in September as in earlier years. Under the plan a customer whose heating costs run \$150 for the entire year makes ten equal monthly payments of \$15.

Gas company statistics show that heating customers use as much as 1 1/2 of the year's total heating requirements in the coldest month. The budget payment plan was introduced to eliminate high gas bills on this gas consumption and to level off payments for ten months to make budgeting easier for customers, Estep said.

BOARD ORDERS NEW EQUIPMENT FOR CARE CENTER

The first fall meeting of the Adams County Day Care Center advisory board was held at the Center Wednesday evening with Attorney Charles W. Wolf, president presiding. He welcomed Dr. G. N. Ewing as a new member appointed by the school board.

Mrs. Guyon E. Buehler, treasurer for the financial campaign conducted from March 1 to May 22 by the Soroptimist Club for the Center, reported that total receipts from the town and county were \$1,660.90. With expenses deducted, a balance of \$1,566.45, was turned over to the Rev. Herman G. Stuepfle Jr., treasurer of the advisory board. The goal was \$1,000. Mr. Wolf expressed the board's appreciation to Mrs. Buehler and to the Soroptimist Club and thanked all those who responded so generously to this cause.

The entire amount will be used for equipment at the center, which this year will have 28 pupils enrolled. Miss Elizabeth Rutledge, supervisor of special education in the county, reported that in addition to furniture purchased when the location was moved to the Plank building, she has on order two teachers' desks, a letter file, a clock, a work bench and a playground unit, consisting of four swings and a merry-go-round.

Orders Authorized

The board authorized her to place orders for the following equipment: 10 additional desk and chair units, four chairs and three to six cots. Consideration is also being given to replacing the electric stove now in use. Miss Rutledge stated that under new legislation the rent for the center will be paid by the state. She also quoted the state department as saying: "Adams County can be so proud because it has one of the earliest Day Care Centers, among the present 100."

Name Nominating Committee

She reported that Mrs. Russell Snyder was elected to replace the assistant teacher, Mrs. Robert Trone, who resigned at the end of last year.

The board expressed their gratitude to Philip Jones and Clark Smith for the many items of equipment which they have made for the center.

Mr. Wolf appointed Mrs. Buehler and Miss Rutledge as a nominating committee for the election which will be held at the next meeting.

The Soroptimist Club, which is the official "mother" organization of this work, will be invited to inspect the Center and its new equipment after their business meeting on October 8.

12 Others Saved

At least 12 other Marines were saved by other Leathernecks in the area.

An extensive land and sea search was under way for remains of the 11 who drowned. All available planes were searching the sea within five miles of shore and foot patrols combed the shoreline.

The Marine Corps said that the Marines took a break from their field problem on the coast of Okinawa and went for a swim in apparently calm water.

"Before they got waist deep, the men were in trouble," an eye-witness was quoted. "They were knocked from their feet by a vicious undercurrent and tumbled seaward on the bottom."

Capt. Jack Westerman, commanding officer of Co. F of the 2nd Battalion, 9th Marine Regiment, immediately called off the

Cling To Raft

Hearing of trouble, Shanahan raced to the beach with a rubber raft and pulled many bathers to safety.

Unable to swim against the heavy currents, the men clung to the raft until arrival of the helicopter, piloted by Lt. James M. Middleton, Balboa, Calif., which dropped a 100-foot rope and towed the raft to shore.

After all visible Marines were rescued a roll call indicated 11 Marines missing. Persons familiar with ocean currents during a typhoon attributed the unusual undertow to Typhoon Emma, now 500 miles south of here.

Names Withheld

The names of the Marines listed as missing were withheld.

At Taipei, Formosa, Gov. C. K. Yen told the Cabinet today that Typhoon Dinah, which cut through Formosa Monday, caused the death of 27 persons.

Thirteen others are missing, and 150 were injured. More than 20,000 persons were left homeless.

11 U.S. Marines Drown Off Okinawa In Freak Current

NAHA, Okinawa (AP)—Eleven U.S. Marines drowned off the north shore of Okinawa yesterday while swimming during a break in field exercises, the Marine Corps announced.

The men were knocked off their feet by a strong undercurrent which was believed due to typhoon conditions, it was said.

Brig. Gen. Victor H. Krulak, commander of the 3rd Marine Division, said a freak ocean current caused the drownings.

At least 12 other Marines were saved by other Leathernecks in the area.

An extensive land and sea search was under way for remains of the 11 who drowned. All available planes were searching the sea within five miles of shore and foot patrols combed the shoreline.

The Marine Corps said that the Marines took a break from their field problem on the coast of Okinawa and went for a swim in apparently calm water.

10,000 Visitors At South Mountain Fair Wednesday To Set Record; Add Parking Space

South Mountain Fair officials, busily engaged this morning in "mopping up" the fairgrounds so that persons attending will find the area dry this afternoon and evening, were still speaking with amazement about Wednesday's record breaking crowd.

W. Clayton Jester, executive director for the fair said "at least 10,000 people were here Wednesday, the biggest Wednesday the fair has ever had."

Ticket sales totalled 7,200, with the remainder representing people who hold week-long tickets and exhibitors.

Get More Parking Space

So large was the crowd that the ten-acre parking lot was filled with cars, cars were parked along the highway beyond the fair, and "as far as we can determine several hundred people drove up to see the fair, found no place to park and drove on without stopping," Jester said.

Additional parking space was being arranged today to meet the apparent interest in this year's fair.

The Black Diamond Rodeo was pronounced "a most decided success judging by the enthusiasm of the spectators," Jester said.

Auditorium Plentiful

The 1,800 grandstand seats were filled early for the performance and approximately 2,000 stood to watch the performance Wednesday night.

Calcium chloride was being used liberally this morning to keep up the fair's reputation as a "dry even when it rains." The chemical soaks up the water quickly. In addition stones were being placed in "puddles" formed by the rain this morning to keep the area dry.

Jester said the Memorial auditorium is attracting visitors "who go in to find a place to sit down and find themselves staying to enjoy the exhibits there."

Pick Champion Steer

The Manufacturers Light and Heat Co., which rented the center of the auditorium is showing a motion picture made in Adams County orchards by the Appalachian Apple Service. The home economists for the gas company are presenting demonstrations in cooking daily.

The apple display is along the north wall of the auditorium and the processors have "placed the most outstanding displays so far" on the south side of the auditorium.

Wednesday was judging day at the fair. Among prize winners was Philip Nace, 16, son of Mr. and Mrs. Melvin Nace, Hanover R. 5, whose steer was chosen as the grand champion among the 4-H entries.

Other Winners

James Simons, assistant county agent from Northampton County, was the judge for the steers and said: "They are among the best I have seen." Seven of the winners in the first 15 are steers brought here from Colorado, including the first, third, fifth, seventh, eighth, tenth and eleventh place winners.

Second through fifth place winners in the 26 steer class are, in order: Larry Bair, Littlestown R. 2; Stephen Murren, Mark Murren, David Murren and Patrick Murren, all of Hanover R. 4; Linda Hoffman, Biglerville R. 1; William Grove, Gardners R. 2; Glenn Bentzel, New Oxford R. 2; Jan Zeigler, Gardners R. 1; Russell Grove, Gardners R. 2; Donald Bair, Littlestown R. 2; Dale Bair, Littlestown R. 2; Michael Murren, Hanover R. 4; and Dorothy Wetzel, Hanover R. 5.

Glenn Bentzel won first place in the 4-H Baby Beef fitting and showing contest. Russell Grove was second and Janet Hay, Gettysburg R. 3, third.

Tail Corn Winners

The arts and handicrafts display at the fair was reported as "the largest ever" by Ernest Krape, chairman of the committee. At the same time the division began plans for more space next year in order to properly place the exhibits. Among the many winners those who won two first prizes included Jean Thomas, Biglerville, who won first with a still life oil painting and a floral painting, George Costello, New Oxford R. 1, took first, second and third in ceramics.

A "miniature fair" was shown at the 4-H building, where exhibits included the dresses made by girls, displays of articles made by both girls and boys, educational exhibits, floral arrangements and even farm products. A special feature of the 4-H display is a butterfly collection made over a five-year period by Carolyn Baker, Shippensburg R. 2, who was awarded a first prize Five members of the Southern Adams 4-H Club, formerly the Littlestown club, entered stalks of corn each at least 12 feet high. The five Austin and Wayne Shoemaker, Douglas Gitt, Fred Straley and Philip Close, were each awarded first place blue ribbons for their corn.

The young teacher, who received her bachelor of arts degree from Gettysburg College, was awarded a Ford Foundation Scholarship last year to Goucher College, Baltimore, where she was granted a Master of Education degree in June. "An article in The Baltimore Sun stated: 'It was Nancy Teeter's first day as a full-scale, first-grade teacher. Most of her proteges were veterans, blasé with kindergarten behind them.'

"A little overwhelmed, at first, Miss Teeter soon relaxed. After a nervous hour, recalling each classroom crisis, Nancy formally rated her new young friends at the Sinclair Lane School: 'They're all precious!'

The article states that Miss Teeter gave the roll call, read a fable on "Farmer in the Dell," "Dog and the 'Mr. Rabbit'" and directed the games "Bone" and "Butter Beans Come to Supper." She took the children on a tour of the building.

Three photographs of Miss Teeter accompany the article.

Warner, Gettysburg, R. 3, for the 85-acre tract in Butler Twp. which the state bought 25 years ago for development as an emergency airport site. Warner's bid was the highest among three opened by the state at Harrisburg August 14. Authority to sell the land was given in an act passed last fall by the legislature.

The announcement that the sale is going through was made by N. D. Culbertson, secretary of the Board of Commissioners of Public Grounds and Buildings.

SLIGHT STOCK GAINS
NEW YORK (AP)—Gains were extended slightly in early stock market trading today.

Pivotal stocks rose fractions to around a point in quiet trading. Oil stocks, particularly, improved their opening quotations as optimism continued on the course of the Cairo conference on Suez. This followed the mood of the London Stock Exchange where prices were bolstered for the same reason.

The start of Jewish holidays was a factor behind the dullness of trading. There was a scattering of small losses, notably among steels and aircrafts on profit-taking from recent advances.

PHILADELPHIA (AP)—A suit was filed in Common Pleas Court yesterday by the city to prevent the Philadelphia Transportation Co. from paying a \$520,000 dividend to stockholders.

The city, which has been negotiating with the transit firm for control or purchase of its property, also asked the PTC to rescind the dividend voluntarily. The suit gave no particulars. The PTC's finances are being investigated by the Public Utility Commission.

Bulletins

HARRISBURG (AP)—Atty. Gen. Herbert B. Cohen, seeking a grand jury investigation of Pennsylvania Turnpike operations charged conspiracy, bribery and corrupt practices today in what he said was a plot to fleece the Turnpike Commission of 19½ million dollars.

Cohen, in a petition for the inquiry, named one-time Chairman Thomas J. Evans, Commissioner James F. Torrance and several employees — all Republicans — as parties to a series of allegations of crimes during GOP control of the superhighway system.

But Cohen received a preliminary setback in Dauphin County Court on the proposed grand jury investigation to follow through on his charges. The court turned the request over to Republican Dist. Atty. Huette F. Dowling for a recommendation on the court's course of action.

WASHINGTON (AP)—Secretary of State Dulles today called in a group of congressmen for a bipartisan briefing on the Suez Canal negotiations with Egypt.

The congressmen were all of the available members of the Senate Foreign Relations and the House Foreign Affairs Committees.

National Guardsmen forced a path through a yelling, punching crowd of 400 to 500 angry men today so nine Negro youths could enter classes at the previously all-white high school in Sturgis, Ky.

It took the troops about five minutes of hand-to-hand struggle to escort the Negroes into the building and they then used bayonets to clear the jeering mob of farmers, miners and townspeople from the school area.

GOP ADOPTS TRUTH SQUADS

WASHINGTON (AP)—The Republicans are returning to a 1952 tactic — sending "truth squads" around the country behind Democratic campaigns.

GOP National Chairman Leonard W. Hall announced today a squad will be assigned to follow former President Harry S. Truman and "other Democrats as well, whenever the occasion warrants."

Teams of researchers and speakers, including members of Congress, were assigned in 1952 to precede and follow Truman and other campaigners "just to keep the record straight," Hall said. He called the results "salutary."

"We had hoped it would not be necessary to send the team out again this campaign," Hall's announcement said. "Certainly Mr. Truman showed a refreshing candor during the Chicago convention in his appraisal of both Mr. Stevenson and Mr. Kefauver."

"But against his better judgment," Hall continued, "he is now embarked on a campaign to put over the Democrat ticket, which he himself said couldn't win."

Police Kept Busy First Day Of School

School opened Wednesday and borough police were immediately aware of it.

About 12:30 p.m., a worried mother reported that her youngster had not returned home from school at noon. Police started to investigate. The youngsters arrived home one hour late.

In the middle of the afternoon police received calls that two bicycles had been stolen at the high school, owned by Robert Oyler, 342 York St., and James Fox, 30 York St.

A little later police were called concerning two juveniles apparently shoplifting in Murphy's store.

PHILADELPHIA (AP)—The Philadelphia Radio and Television Broadcasters Assn., the city's 10 standard radio stations and nine of their officers pleaded innocent in U. S. District Court yesterday to government charges they controlled advertising rates in violation of anti-trust laws.

The pleas were entered before Judge George A. Welsh. No trial date was set.

TWO SISTERS KILLED BY CAR

CHICAGO (AP)—Two young sisters were killed by a careening automobile yesterday as they walked home to lunch from the opening day of school.

Jeanette Griffiths, 7, a second grader, and her sister, Alexandra, 5, a kindergarten pupil, were struck as they walked in a group of 25 other students on a sidewalk adjoining the school.

A third girl was knocked down and scalded by water spilling from the car's radiator. She was not seriously injured. The other pupils escaped injury.

Richard Dombek, 16, driver of the car, had received a temporary driving permit Tuesday and was operating the family automobile for the first time alone.

Dombek, a high school student, became hysterical after the crash. At a police station he beat his head against a washroom wall and tried to strangle himself. He was turned over to juvenile authorities to await questioning at an inquest.

PRESBYTERIAN

(Continued from Page 1)

A place to meet friends or to spend a hour on Sunday, it is a place to learn the meaning of what you can be through your faith in God. These are days of fear. We are fearful of this and of that and the other thing. But if we are true Christians we would be so God-centered that we would have no fear. We would understand that Christianity is the religion of hope.

"We must learn also that religion applies directly to us. It is well for us to be concerned for the 500,000 Chinese refugees in Hong Kong, but we must be just as interested in the welfare of the migrants in our own back yard."

Plans were outlined for a district women's meeting on "Fellowship Unlimited" September 11 and 12 at Doubling Gap Center, near Newville. Members who wish transportation to the district meeting were asked to contact Mrs. Richard A. Brown.

MARS VISIBLE THIS EVENING

NEW YORK (AP)—Tonight at midnight EDT, thousands of telescopes will be trained on the red planet Mars, which gets more "neighborly" than it has been for 32 years.

The intriguing planet, only half as big as the earth, wheels into view astronomically only 35,163,000 miles away—the closest since 1924.

Mars rises in the Southeast and sets in the Southwest. It will be closest around midnight but will be visible all of the evening hours. The planet shines red because more than half its surface seemingly is covered with orange-red desert, low mountains, and barren landscape swept by hot winds.

Mars' comparative proximity revives speculation concerning possible existence of people on the planet.

That speculation reverts to the canal theory, envisioning great irrigation projects to provide the planet with plant life.

Lt. General Ramey Has Heart Attack

WASHINGTON (AP)—Lt. Gen. Roger M. Ramey, one of America's most famous air generals, has been stricken ill on the eve of a new assignment and probably will retire soon.

Ramey, 52, suffered a heart attack at Barksdale Air Force Base, La., before he could check in at his new post. He has told friends the heart attack means the end of his Air Force career. He said he had no post-retirement plans.

It was decided that the group will not participate in the parade with less than 60 men. Cards will be sent to all drill team members, so that they designate their intention of attending, by filling out the reply card. All members are asked to give the matter serious thought before making a decision.

Highlights of the Adams County Firemen's Association Convention on Labor Day in East Berlin were given by Henry E. Waltman, a delegate from the local company. KICK-OFF FOR CONCERTS OCT. 1

The Gettysburg Concert Association will hold its kick-off dinner Monday evening, October 1, at the Hotel Gettysburg. It was announced at a meeting of the board Wednesday evening at the YWCA. Dr. Jacob W. Heikinen, president, presided.

One of the three attractions to be presented this season will be the Festival Quartet featuring four celebrated instrumental artists, Victor Babin, pianist; Szymon Goldberg, violinist; William Primrose, violist; and Nikolai Graudenz, cellist. The quartet is the first contemporary all-star group to dedicate itself to performing the rich but rarely performed piano quartet literature of such masters as Beethoven, Brahms, Mendelssohn, Schumann and Strauss. The association will announce the date later.

Board members present were Dr. Heikinen, Mrs. Floyd King, secretary; Mrs. Herbert H. Schmidt, Prof. Parker B. Wagnild, Dr. William K. Sundermeyer, Mrs. Guyon E. Buehler, Rev. A. W. Geisley, Mrs. Frank H. Kramer, Miss Marie Budde, Prof. Charles Yost and Mrs. Henry M. Scharf.

New board members welcomed were Miss Anna Grimm and Gordon Webster, Gettysburg; Miss Catherine O'Boyle, York Springs, and L. Robert Snyder, Littlestown.

MISS TEETER, MODEL TEACHER

Miss Nancy Teeter, daughter of Mr. and Mrs. John D. Teeter, R. 2, was selected as a model first grade teacher at the Sinclair elementary school, Baltimore, at the opening of the school year Wednesday morning.

The young teacher, who received her bachelor of arts degree from Gettysburg College, was awarded a Ford Foundation Scholarship last year to Goucher College, Baltimore, where she was granted a Master of Education degree in June. An article in The Baltimore Sun stated: "It was Nancy Teeter's first day as a full-scale, first-grade teacher. Most of her proteges were 'veterans,' blase with kindergarten behind them."

"A little overwhelmed, at first, Miss Teeter soon relaxed. After a nervous hour, recalling each classroom crisis, Nancy formally rated her new young friends at the Sinclair Lane School: 'They're all precious.'"

The article states that Miss Teeter gave the roll call, read a fable on "Farmer in the Dell," "Dog and the Mr. Rabbit" and directed the games "Bone" and "Butter Beans Come to Supper." She took the children on a tour of the building.

Three photographs of Miss Teeter accompany the article.

Today's Talk

LIKE TO BE LIKED

If more people liked to be liked there would not be so many who are not liked, and who can't understand it. People are liked largely because they like other people, cultivate their friendship and keep it green.

Recently Grove Patterson, a dear friend of mine and of thousands of others, died. His name is familiar in all newspaper offices, for he was a newspaper man most of his life. He was known in other lands, too, and was honored many a time. A year or so ago he wrote a book which he called "I Like People." Well, he liked them and they liked him in return. That's the way it works, and the process is so simple that anyone can be among those whom other people like.

Like to be liked. Then you will be liked, and your entire life will take on added interest.

Friends are a wonderful tonic. I was reading recently of a once prominent man of a few years ago who was a big earner — and a big spender — but people loved him, and when he died a friend of his remarked that all he had left was his friends. Isn't that sufficient?

Like to be liked but, as is the case with everything else worth while, it must be earned by liking other people, and contributing to their hopes and happiness. People can well become a person's greatest asset. Politicians play up to people when they wish for their votes at election time. How very wonderful to play up to others without wanting a single thing from them but their respect, their good will and their friendship!

Perhaps the greatest promise for peace among nations is for each one to like the other one, and to prove it by cooperation and friendly acts out in the open — no strings attached. A sincere hope and prayer among the free nations that such a thing may soon come about. Impossible? By no means. No nation wants war.

Tomorrow Mr. Adams will talk on the subject: "Wanting to Know" Protected, 1956, by the George Matthew Adams Service

TIME AND WORRY

Time and Worry met one day traveling along the way.
"I," said Time, "am gentler far with my people than you are."
Worry smiled and said: "It's true. You get blamed for much I do."

"You go lightly on your way, gently brushing hair with gray. Wrinkles now and then you place in some sweet and lovely face. But you're blamed for many a line And a furrow that are mine."

"You," said Time, "make people old. Long before my years are told, I would keep folks young, but you bring on age before it's due. I take years to furrow cheeks; you accomplish it in weeks."

"Yes," said Worry, "that is true. Rapidly my work I do; you are patient, kind and slow; quickly to my work I go. Many a sturdy back I've bent long before its strength was spent."

"Why," asked Father Time, "do men let you keep them company then."

Why are you allowed to stay, withering youth in such a way? They would quickly bid you go." Worry answered: "I don't know."

FOSTER HOMES ARE STUDIED BY E. AND R. CHURCH TO HELP AGED

By DICK HOENIG

LANCASTER, Pa. (AP)—The value of a new method to deal with the pressing problem of the aged — placing them in foster homes — is being weighed by the Evangelical and Reformed Church.

"Christian love cannot countenance the tendency to bury older people alive in state-supported mental institutions where today there are thousands of forgotten older people," delegates to the church's triennial meeting were told Wednesday.

The Commission on Benevolent Institutions, which watches over 21 homes for the aged operated by the church in 11 states, reported the church membership is becoming more aware of the growing need for "adequate care for the aged."

Cite Waiting Lists

"We know that at present every one of our homes for the aged have waiting lists which would keep them filled for another two years even if they did not receive a single new application," said the Rev. Garnett O. Adams, superintendent of the Bethany Orphan Home, Womelsdorf, Pa.

"The commission does not feel the foster home plan is the complete answer to the problem or that it would mean we could do

away with the homes for the aged," the Rev. Adams said in his prepared address. "But we certainly think it is an important part of the program to serve the aged."

Study Foster Homes

Victor B. Hauck Jr., of St. Louis commission treasurer, said the foster home plan for the aged is being studied at the Bensenville Home Society, one of the 21 homes at Bensenville, Ill.

"The idea is the same as foster homes for children," he explained. First, homes are found that are willing to take older people. Then social workers make studies to determine the compatibility of the home's occupants and the older persons.

The denomination's homes for the aged are supported by local contributions amounting to about 1 1/2 million dollars a year.

Act On Segregation
The meeting unanimously adopted three statements on segregation on Tuesday. Only one produced debate.

As finally approved, that one bans the General Synod or any other national meeting of a church agency from convening in a place where, any facilities used in connection with the meeting are not open to all participants without regard to race or color.

Southern delegates contended that as originally proposed, referring to all facilities in the community, it would have prevented many Southern cities from acting as hosts for such meetings.

To Support Integration
Some 400 delegates attending the week-long meeting which ends Friday, urged the church's 1,885 pastors and 7,850,000 members "to lend their moral support to inte-

gration and to explore and support constructive programs toward integration in their communities."

A preamble added at the request of Dr. James E. Wagner, Philadelphia, president of the church, said the denomination "is not unmindful that reconciliation as well as reformation is part of our Christian witness."

Increase Pensions

The third segregation action declared that discrimination and segregation "have proved to be a denial of the justice God demands of us to our neighbors" and deplored any attempt to evade the Supreme Court decision in a manner that would weaken the public school system.

It added that the church cannot do otherwise than to work persistently to eliminate all forms of discrimination.

The General Synod also voted a \$300 increase in the present maximum \$900 a year pension for qualified ministers. The increase is effective Feb. 1957. Almost 400 ministers now receive benefits.

FAYETTEVILLE 342HALF MILLION
DAMAGE FROM
LIGHTNING BOLT

YOUNGVILLE, PA. Fire started by lightning early today razed a four-story warehouse and a nearby farm supply building causing damage approximating \$500,000.

Fire Chief Merle See said that less than an hour after lightning struck the four-story warehouse occupied by Eichenlaub's Furniture Co. the walls of the building collapsed.

So intense was the heat from the blaze that a nearby small building occupied by the Youngville Farm Service Co. caught fire and was destroyed. The fire also consumed almost

500 feet of hose used by the Youngville volunteer fire department, one of eight fire fighting units summoned to the scene.

Clare B. Hendrickson, manager of the furniture warehouse, said a recent inventory placed the value of its contents at \$450,000 but that he believed there was less furniture in the building at the time of the blaze. The building itself was valued at between \$50,000 and \$100,000. The loss to the farm supply company might exceed \$25,000, said Harlan McAllister, manager of the firm.

The furniture warehouse was owned by Howard Kay of Youngville and was leased to Eichenlaub's, a Pittsburgh concern that manufactures institutional furniture for colleges and hospitals.

Fireman Hurt

Fireman Harvey Garbis, about 35, of Youngville, suffered a back injury while fighting the blaze. Other fire units came from Warren, North Warren, Columbus.

Redlegs Make It Three Straight Over Braves; Brooks Beat Bucs; Mantle Trails Ruth Record By 2

By ED WILKS
The Associated Press

Manager Birdie Tebbetts, an off-season insurance agent who knows all about life-expectancy tables, figures his Cincinnati Redlegs "can go all the way now."

"Our whole mental outlook rested on that four-game series in Milwaukee," said Birdie. "It was the psychological (He also has touched the sciences in post-graduate work) turning point. Now that we've come this far, our guys figure 'why stop now?'"

All the happy talk followed a startling, three-game sweep by second place Cincinnati over the Braves. The homer happy Redlegs switched to singles and pounded Milwaukee and southpaw Warren Spahn 12-2 in the series windup yesterday, cutting the Braves' National League lead to 1½ games.

Brooks Stay Alive

The three-game kick also has put Manager Fred Haney to thinking about a shakeup in the Braves' lineup. Milwaukee now has only a two-game edge over Cincinnati and Brooklyn in the "lost" column with 21 games left. The Redlegs have 20 games remaining, Brooklyn 21.

The sweep also kept Brooklyn's third place world champs in the race. Struggling through an eight-game schedule in six days, the Dodgers climbed to within 2 games of the lead by slipping past Pittsburgh 4-3 last night — their fifth victory in the eight-game nightmare.

St. Louis defeated the Chicago Cubs 2-1 in 11 innings and New York's Giants trimmed Philadelphia 5-4 in 10 in the other NL games.

Yanks Beat Sox

In the American, the New York Yankees built their lead to 9½ games by breaking Willard Nixon's jinx with a 5-3 decision over Boston. Washington defeated Baltimore 2-0. Second place Cleveland, Chicago, Detroit and Kansas City were not scheduled.

Rookie Frank Robinson and Roy McMillan each drove in two runs as the Redlegs scored five times on five hits in the second off Spahn, who sought his 200th career victory. Buster Freeman hustled in to relieve Tom Acker after Joe Adcock's 35th home run, with one in the fourth and gave one hit over 4-13 innings to nail his 13th victory — second in two days. Four unearned runs in the fifth, with Freeman's double — his first 1956 hit — scoring two, packed it away for the Redlegs, who now have won 10 of their last 12. They had 15 hits against five pitchers.

Ninth For Maglie

The Dodgers, with just five hits off Jose R. Kline and Elroy Face, made it on Jackie Robinson's squeeze bunt in the sixth. A wild pitch set it up. Duke Snider reclaimed the NL home run lead, breaking a tie with Redleg Robinson, with his 38th, a two-run pop. Gil Hodges hit his 26th. It was Snider's first in nine games, Hodges' first in 10.

Sal Maglie won his ninth, but the Bucs, who haven't beaten him since April 21, 1953, chased him with a run in the ninth. Don Bessent came on to fan Jack Shepard for the final out — nailing Maglie's 26th victory in 30 lifetime decisions with Pittsburgh.

At Dark, with three of St. Louis' six hits off Bob Rush, drove in both runs and broke it up with a single. Herm Wehmeier, tagged for Walt Moryn's 21st homer that tied it in the seventh, won his ninth.

No Homers For Mickey

A pinch single by Hank Thompson won for the Giants, who started \$65,000 bonus kid Mike McCormick. The 17-year-old southpaw proved wild and failed to last two innings.

Bill Skowron's two-run single in the ninth led it for the Yankees and Whitey Ford, who won his 16th. Yogi Berra hit his 26th homer to break a 2-all tie in the eighth — putting him two shy of Gabby Hartnett's 236 career record.

SEIXAS WINS OVER DANE IN STIFF FIGHT

FOREST HILLS, N. Y. (AP)—Vic Seixas, at 33 the old man of the tennis wars, took his first breather in the past four days of the National Championships today and admitted:

"I can use it."

They don't keep records on who plays the most sets in this tournament, but if he did Seixas certainly would be near the top.

He has played four matches, all against foreigners. They have gone a total of 202 games and 18 sets. That's two sets short of the absolute maximum.

Another Tough One

His fourth victim, Torben Ulrich of Denmark, threw up another stiff battle yesterday before Seixas won 3-6, 6-3, 6-4, 6-3.

Seixas, a handsome Philadelphia who has been playing in the nationals 16 years, said his big problem was to snap back tomorrow when he meets sixth-seeded Ashley Cooper of Australia, who won a bitter 3-6, 3-6, 6-4, 6-3, 7-5 decision from Sam Giammalva of Houston, Tex.

Seixas happens to be in the same half of the draw with Ken Rosewall and Dick Savitt, who will play tomorrow's other quarter final match. Rosewall whipped Hugh Stewart of Pasadena, Calif., 2-6, 9-7, 6-1, 6-2, while Savitt polished off Mexico's Pancho Gonzalez, 6-3, 6-2, 6-2.

Road In Action

Today's quarter-finals pitted Lew Hoad, the big favorite from Australia, against Roy Emerson, one of his second-string countrymen and Ham Richardson against the winner of the unfinished match between Neale Fraser of Australia and Gil Shea of Los Angeles.

Hoad advanced by beating Grant Golden of Chicago, 6-3, 6-2, 7-5. Emerson moved along with a 9-11, 7-5, 6-2, 6-1 victory over Abe Segal of South Africa; Richardson gained his bracket by turning back Alejandro Olmedo of Peru, 7-5, 6-2, 6-0. Fraser led Gil Shea of Los Angeles, 5-7, 6-3, 6-3, 8-8 when the match was called by darkness.

Springers Bow To Cumberland

Cumberland took a 2-1 lead in its semi-final series with York Springs in the Bi-Centennial Baseball League playoffs via a 6-1 victory Wednesday evening.

Ted Johnston, Cumberland hurler, held the Springers to four hits and whiffed 11 batters. The lone run off him came in the top of the seventh when Harold Weigel singled Leroy Bream home. Lloyd Garman collected the three other York Springs' safeties.

Cumberland clinched the game with all of its six tallies in the fourth.

Tonight the teams are scheduled to meet at York Springs. Newville has already copped the other semi-final series.

Score by Innings:
York Springs 000 000 1-4-2
Cumberland 000 600 x-6-10-0
Batteries: York Springs, S. Bream and L. Bream; Cumberland, Johnston and Rhone.

Green Warrior Grid Squad Opens Against Owl Eleven At Westminster Friday At 8

Lacking in experience and depth but packing more poundage than for several years, the Gettysburg High School Warriors will journey to Westminster to open their 1956 football campaign with the Owls Friday evening at 8 o'clock.

Graduation took a heavy toll from last year's squad and Coaches Howard Shoemaker and Don Bickel have only five lettermen remaining. However, the coaches have been pleased with the showing of a number of freshmen and sophomore candidates, several of whom will get a taste of action in the season's lid-lifter.

"It the boys can get into the right mental attitude we should have a fair season," was Coach Shoemaker's comment, who also foresees Friday's game as a toss-up. "We are in the best possible physical condition. Several boys will have to be full-time performers because of our lack of depth."

Probable Starters
Two of the probable line starters will be lettermen. They are Ralph Heffner, 160, guard, and Bobby Hess, 176, center, both seniors.

Additional starters on the forward wall are expected to be Albert Poole, 197, senior, guard; John Wheeler, 142, senior, end; John Fissel, 196, senior, tackle, and Elmer Thomas, 153, end, who is only a sophomore.

First line replacements on the line and possible starters depending on which team is on the offense, are Gary Keefer, 150, senior, end; Don Eckert, 204, junior, tackle; Tom Shields, 207, junior, guard; Robert

Staley, 164, junior, center, and Roy Coldsmith, 170, sophomore, guard. William Rentzel, 153, tackle, only a freshman, and Ken Kimple, 180, tackle, a sophomore, are also destined to see action.

Backfield Performers
Earl Little, 148-pound junior, who earned a letter last season as the quarterback understudy to Glenn Weishaar, will pilot the team and be the pitcher on the aerial attack.

Rex Baltzley, 181, another junior, is a veteran in the backfield and will see duty at fullback. The other letter-winner listed to open as a ball-toter is Kenny Keefer, 145, junior, halfback.

Battling for the left half slots are George Mitchell, 128, a freshman, and John Sauter, 148, sophomore. Ken Mummert, 133, junior, backs up Keefer at the other halfback position while a freshman, Bob Furney, 171, is Baltzley's understudy.

Owl Stars
Westminster also lost heavily via graduation but boasts four excellent performers in Head, quarterback; Brennenman, center; Baugher, fullback, all seniors, and Havens, tackle, a junior.

Coach Herb Ruby reports his squad will be more than usual.

In addition to the veterans named above, the following will include the following: Wideman and Frock, ends; Kaplan, tackle; Smith and Mancha, guards; Smelser and Shilling, halfbacks.

Friday's game will mark the eighth in the series between the schools. The Warriors, who hold a 5-2 edge, lost last year, 13-12.

Delone Invades Hanover For 23rd Annual Football Clash Friday Night At 8

Delone Catholic High makes its football debut Friday evening when it meets the Hanover High Night-hawks in their annual get-together at Hanover. A typical overflow crowd is expected to attend. The kickoff will be at 8 o'clock.

Well supplied with veterans on the line, Coach Bell has faced his biggest problem in rebuilding a new backfield where graduation swept clean last year's starters.

Coaches Bell and John Russ have come up with a probable starting lineup. At the ends will be veteran Joe Poist, 6' 1", 180 pounds, and Phil Staub, 6' 3", 180, who was converted from the tackle position. At the tackle slots Jerry Eline, 5' 10", 155, and Tom Smith, 6' 0", 185, both veterans. The guard positions will find Joe Jenkins, 5' 10", 160, and Dick Smith, 5' 10", 160. The center spot has turned into a toss up between Mike O'Brien, 5' 10", 155, and Bob Smith, 5' 7", 145.

Gettysburg Starters
Calling the signals and handling the quarterbacking will be little Larry Hockensmith, 5' 9", 150. Two Gettysburg boys will battle for left half, Richie Hemler, 5' 11", 160, an experienced defensive man, and Johnny Gastley, 5' 9", 150, sophomore who packs plenty of speed. Right halfback finds a converted quarterback making his bid for a starting position. Pat O'Brien, 5' 10", 165, will probably be making his appearance Friday night. Earl Mann, 5' 10", 170, is a hard driving lad who will be playing fullback.

On the defense there will be slight changes with Charlie Doll, the biggest man on the team, 5' 11", 210, slipping in place of Eline at tackle. Hockensmith and Hemler playing safety while Mann and O'Brien will back up the line. Coach Bell will have to depend on his first 13 men due to the lack of depth on the team. Despite the lack of depth the Delone coaching staff feels confident that through the plugging effort of the boys, they will have a successful season, but make no promises.

The Hanover-Delone clash will mark the 23rd between the schools with Hanover holding an overwhelming margin, 18 wins, two losses and two ties. Last year the Hawks triumphed 32-7.

Hawks Highly Ranked
Hanover is being touted as the probable successor to Carlisle as the South Penn Conference champion this year. Despite the loss of 13 lettermen, Coach Steven Padjen has an excellent nucleus around which he is moulding his squad.

SAYS TEBBETTS IS "MANAGER OF - THE - YEAR"

By JOE REICHLER
NEW YORK (AP)—Bobby Bragan, rapidly gaining stature as a big league pilot in his own right, said today that Birdie Tebbetts of Cincinnati deserved to be named "Manager of - the - Year" no matter where the Redlegs finish.

"Tebbetts has done the greatest job in the league, in my humble opinion," said Bragan. "I don't think anybody else could have done as much with the club as he has. He's a great manager."

"I'm a Durocher man," Bobby continued. "I've always considered Leo the best manager I've ever seen."

"Tops In My Book"
"Well, Tebbetts is another Durocher. He's not afraid to make the moves. He doesn't worry about being second-guessed if things don't work out. He's a strategist. All right, but more than that, he is a fine judge and handler of men. He inspires belief in his players."

"I've been looking at the pitching averages," he said. "Rated on the earned-run figures, the best Cincinnati pitcher ranks No. 21 on the list. To me that just accentuates the tremendous job Birdie has done. He's been working his pitchers beautifully. Look how many victories he's gotten out of Brooks Lawrence. Eighteen, isn't it? Look what he's done with fellows like Johnny Klippstein, Hal Jeffcoat, Hershel Freeman. These fellows couldn't win for other managers."

"Sure, he's got a powerhouse ball club. But hitting doesn't win pennants. Pitching does. And Birdie is giving them all a pretty good fight without pitching. Yes Sir, he's tops in my book."

BOSTON (AP)—Rookie shortstop Don Buddin is lost to the Boston Red Sox for the remainder of the season because of a broken bone in his right hand.

Buddin sustained the injury last night in the first inning against the New York Yankees while sliding into third base. New York won 5-3.

Littlestown High To Host Shippensburg Friday Night In Season Football Opener

Six lettermen will be in the offensive lineup, and a seventh in the defensive array, when Littlestown High School's football machine opens its season Friday evening at 8 o'clock against Shippensburg on Memorial Field, Littlestown.

In announcing his probable starting lineup today, Coach Wib Goebrecht said, "It is too early to tell on the prospects of the squad. If we get over the opener we may have a successful season."

First game jitters are one of the worries of the youthful Thunderbolt mentor. The Bolts looked fairly impressive in a recent scrimmage against Scotland and may have conquered that condition.

Veteran Linemen
Mike Cookson, 150-pound senior, is listed to start at left end with Jerry Dayhoff, 155, senior, or John Shomper, 160, also a senior, at left tackle. Ronald Bowers, 140, or Larry Huff, seniors, will be at left guard.

Albert Snyder, 175, senior letterman, will be back at his old post at center.

On the right side of the forward wall will be Joe Klunk, 175, senior letterman, end; Don Sell, 230, and the heaviest lad on the squad, junior letterman, tackle, and Ken Koontz, 200, senior and another veteran, guard.

Gene Miller, 155-pound senior and letterman, will pilot the team from quarterback. Flanking him will be Ronald Crouse, 160-pound sophomore, at left half, and Jack Busbey, 140, junior, at right half. Kelly Pottoroff, hard-running 150-pound junior fullback and a veteran, will man his regular post.

Allen King, 140, senior guard and a vet from last season, will see duty primarily when the Thunderbolts are on the defense.

Gobrecht has had singular success since taking over the reigns at Littlestown two years ago. His team was unbeaten in 1954 and last year posted a 7-2 record. They won titles in the Laurel Conference both seasons.

New Hound Coach
Shippensburg is hoping for a rise in football success under the leadership for the first time this season by George Kohut, a University of Pittsburgh graduate.

Tom Reed, Ray Bietsch and Dick Gardner have been on the injury list for the Hounds but are expected to be ready for Friday's affair. All are counted upon heavily by Coach Kohut. Reed is a back and the remainder linemen.

Dick VanScyoc, a veteran who has been shifted from end to fullback, Clyde Mellot, 215, center; Bob Freeman and Carl Dunlap, guards; Gary Long and Jerry Reed, tackles, are among the probable starters.

Eastern League
By THE ASSOCIATED PRESS
The Schenectady Blue Jays are five games away from their first Eastern League championship. But the pressure may explode the Jays' chances of grabbing the prize.

The Jays have only six games remaining on the schedule and the Binghamton Triplets and the Reading Indians are still mathematical possibilities.

Schenectady chopped its magic number to five last night with a 7-1 victory at Allentown. The Trips stayed in the picture with an 4-3 win over Williamsport on the Grays' field, and Reading took 14 innings to whip Albany, 6-5, in Reading.

Johnstown defeated Syracuse 3-2 in the opening game of a double-header at Johnstown and the Chiefs reversed the decision, 5-4, in the nightcap.

YESTERDAY'S STARS
HITTING—Alex Grammas, Redlegs, drove in four runs with three hits in three trips in 12-2 breeze past Braves that cut Milwaukee's lead to 1½ games.

PITCHING—Chuck Stobbs, Senators, became first Washington pitcher to throw a shutout since Sept. 11, 1955, cutting down Orioles 2-0 on four hits, allowing only one hit over last six innings for his 15th victory.

Alexander Hamilton: Resigns Treasury Post And Is Tendered Fabulous Farewell Dinner By Many Distinguished Persons; Killed In Duel

By Leighton C. Taylor

(This is the third installment in the life of Alexander Hamilton.)

By LEIGHTON C. TAYLOR

In February, 1795, Alexander Hamilton resigned as Secretary of the Treasury, in the main to practice his profession. He was tendered a fabulous farewell dinner by leading merchants, judges, members of the bar, and other distinguished citizens in and out of office, all shouting like school boys for Alexander Hamilton. Then he was off for the little house Betsy had taken in Pine Street, N. Y., carrying even a better certificate than the acclaim of his farewell-dinner well-wishers:

"After so long an experience of your public services," President Washington wrote in a letter to Hamilton, "I am naturally led, at this moment of your departure from office — which it has always been my wish to prevent — to review them."

"In every relation, which you have borne to me, I have found that my confidence in your talents, exertions and integrity, has been well placed."

"I the more freely render this testimony of my approbation because I speak from opportunities of information which cannot deceive me, and which furnish satisfactory proof of your title to public regard."

"My most earnest wishes for your happiness will attend you in your retirement, and you may assure yourself of the sincere esteem, regard and friendship of

Dear Sir,
Your affectionate,
G. Washington."

Views Were In Harmony

Few men could boast of letters subscribed "Your affectionate" by the hero of the Revolution and our First President. But Washington really was fond of the man who was leaving him. Not gifted with small talk himself he listened with pleasure to the sprightly chatter of his Secretary of the Treasury; and with respect to public affairs, their views fundamentally were always in harmony.

Armed with this written attestation of his virtues Hamilton lost no time in getting to New York and his law practice. Upon arrival, however, he was to receive the homage of the New York Chamber of Commerce. This took the form of a lavish banquet, attended by state and other dignitaries.

While Hamilton resigned from his Treasury post ostensibly to practice law, politics was in his blood and he worked at it as long as he lived.

"Shame And Ignominy"

The familiar Burr-Hamilton duel, which resulted in the latter's death, is a story in itself and space will not permit an elaboration of it here.

Aaron Burr, born in New Jersey, was the son of distinguished parents, enjoyed a finished education, was a leading lawyer, served in the Revolution, was elected to the United States Senate, and served as vice president in the first Jefferson administration. He was a man of more than ordinary ability, but a relentless and insatiable ambition destroyed his usefulness and brought upon him shame and ignominy in his declining years.

Burr and Hamilton had been political and personal rivals for years, and Burr blamed Hamilton for his defeat in the New York gubernatorial campaign of 1804. Brooding over his defeat, and fancied wrongs done him by

Hamilton, Burr challenged Hamilton to a duel.

Duel Is Fatal

Dueling was common in those days. The public had not yet come to see that it was wrong. On the other hand it was smiled upon, and the man who refused to meet his antagonist on "the field of honor" was branded a coward. Hamilton, accordingly, accepted the challenge, and in the grey dawn of a sultry summer day in July, 1804, the two men with their seconds rowed silently across the Hudson, and as the earliest rays of the rising sun streamed through the trees they stood face to face on the old Weehawken dueling ground where Hamilton's son Philip met his death 3 years before.

Hamilton, seemed undecided. Burr was keen-eyed and determined. At the signal to fire only one shot was heard, and Hamilton fell upon his face shot through the body. As he fell his pistol was fired into the air some feet above Burr's head, whether accidentally or not was never known. He had said to a friend that he intended to throw away his fire. His friends bore the wounded statesman back to his home in the city. Next morning he was dead. As for Burr, it was said he had even been practicing with a pistol before the duel.

"Indelible Dishonor"

Aaron Burr may have felt a thrill of joy over his Weehawken victory, but he did not foresee that the fatal bullet would add a luster for all time to the name of his fallen victim, and would cover his own with indelible dishonor. He did not foresee that the ghost of Hamilton would pursue him like a nemesis from land to land, would mark his every project with failure, would hound his footsteps for 30 years until at last, aged and tottering, he would sink into the grave, the victim and not the conqueror of the fatal duel at Weehawken.

New York and the nation were shocked at the death of Hamilton. The untrained public had applauded dueling, but it was costly sport when such an intellectual light as Hamilton became its victim. When the people of New York learned that Burr had practiced with his pistol for some weeks before the duel, with the evident intention, not of retrieving his honor but of killing his rival, he was denounced as a murderer.

This denunciation was officially supported by the verdict of a coroner's jury which held an "inquisition" into the death of Hamilton.

Jury's Verdict

The jury's investigation began July 13, two days after the duel, and was completed August 2, 1804. Its 15 "good and lawful men" stated "upon their oath" that:

"Aaron Burr, late of the Eighth Ward, of said city (New York City) in the said county, esquire and Vice President of the United

States, not having the fear of God before his eyes, but being moved and seduced by the instigation of the devil, on the eleventh day of July, feloniously, wilfully, and of malice aforethought did make an assault, with a certain pistol of the value of \$1.00 charged and loaded with gun powder and a leaden bullet, upon one Alexander Hamilton, confidante of Washington and first secretary of the treasury, and did give unto him, a little above the hip, one mortal wound penetrating the belly, of which said mortal wound (Hamilton) did languish and languishing did live (until the twelfth day of July when) of the mortal wound aforesaid (he) died."

The jurors also exonerated two of Burr's seconds who, they said, "were present abetting, aiding, assisting, comforting and maintaining the said Aaron Burr to kill and murder the said Alexander Hamilton in the manner aforesaid."

The original handwritten verdict of the jury, rendered 152 years ago, was put on public display not long since in the library of the Court of General Sessions in New York. It had reposed undisturbed in the City's archives for generations.

Burr fled to Philadelphia but there public opinion was equally against him, and wherever he went he was confronted by the same situation.

GROUP DEPLORES PLANS TO EVADE RACIAL ANSWER

LANCASTER, Pa. (AP) — A committee recommended Tuesday that the Evangelical and Reformed Church officially "deplore attempts to evade" the school segregation decision of the U.S. Supreme Court.

A report of the Commission on Christian Social Action presented to the 10th triennial meeting of the church urged the church "support the principle of integration and urge full support of the decision" by asking pastors and church members to "lend their moral support."

In the report, Chairman Elmer J. F. Arndt, Webster Groves, Mo., stated "there are situations in which wisdom and discretion are needed as well as situations in which the complacent need to be stirred to effective and constructive action. It would be unwise to apply the same timetable rigidly to all communities in the nation," the commission declared.

"Nor is it right that any community plead its circumstances as warrant for unmodified continuance of patterns of human rela-

tions which deny to some the rights and dignity which belong to a human being."

The commission told some 400 ministerial and lay delegates that there can be no discrimination or segregation in the church on the ground of color, nationality, or any other human division.

Meanwhile, Dr. James E. Wagner, church president, of Philadelphia, estimated it will take three years before a constitution is completed for the new United Church of Christ.

On Monday the Evangelical and Reformed Church unanimously approved proposals setting up a June 25-27, 1957 meeting with the Congregational Christian Church to lay the foundation for the proposed new two million member denomination.

APPROVE TWO DRAINAGE PLANS

WASHINGTON (AP)—The Department of Interior has approved drainage projects in two Pennsylvania anthracite mines under a 17 million dollar federal-state program. The estimated cost of the projects is \$500,000.

Secretary of the Interior Seaton said yesterday approval had been given for additional pumping equipment at the Delaware-Pine Ridge mine near Wilkes-Barre and the Glendower mine near Pottsville. Both are shut down.

The projects would save millions of tons of anthracite from inundation by mine water, Seaton said. He added that state officials now are authorized to call for bids on delivery of four deep-well pumps, two for each location.

The Bureau of Mines reported

that the Delaware-Pine Ridge mine had been shut down several years ago because of high pumping costs and other economic factors. If uncontrolled, water there could effect other mines in the field, it said.

Approval of the projects also was announced by Rep. Ivor D. Seaton (R-Pa.) at his home.

STEVENSON URGES END OF MILITARY DRAFT

By DOUGLAS CORNELL
LOS ANGELES (AP) — Adlai E. Stevenson subscribed Wednesday "with all my heart" to what he called the national will that the military draft be ended at the "earliest possible moment consistent with the national safety."

The Democratic presidential nominee included that qualified pledge to halt the draft in a major address prepared for delivery at the 38th annual convention of the American Legion.

Stevenson worked on the speech after a rousing welcome at International Airport in which he and Estes Kefauver claimed the Democrats are united for the campaign ahead.

It was here in California that Stevenson and Kefauver, now the Democratic ticket for 1956, staged the last and one of the bitterest clashes of the presidential primaries. Stevenson won.

Stevenson's address Wednesday sprayed the GOP with criticism, accusing it of a "shocking abuse of the elementary political decency" in handling the peace issue.

He said the claim that the Democrats were responsible for the Korean War and the Republicans stopped it was "as miserable a fraud as has ever been used by a political party to confuse and embitter a people who must govern themselves on facts not fiction."

Stevenson issued a plea for "honesty in our national debate about war and peace." He said this debate will be poisoned if one party claims a deeper love for peace than the other.

Painless Readjustment
Stevenson said that the GOP charge that under the Democrats prosperity depends on war is infamous. The truth is, he said, that no depression followed World War II and that readjustment was accomplished painlessly under a Democratic administration with "ever increasing prosperity."

Defense expenditures have averaged 15 billion dollars more each year under Truman, Stevenson said. "If our prosperity has ever been dependent on spending for war — it is right now."

The ultimate peace is not yet won, he said, adding: "There isn't a peace we seek 'while our sons and brothers are still being drafted for two years of military serv-

Ike Does Not Use Makeup For TV

WASHINGTON (AP) — President Eisenhower isn't likely to use any makeup when he goes on television during the campaign this year, the White House said today. Press secretary James C. Hagerty added, the President has not used any for TV appearances for a long time — "for more than a year or maybe two."

The question came up in connection with a report that Eisenhower was made up when he went on TV to accept nomination for a second term at the Republican National Convention.

"He absolutely was not," said Hagerty.

Eisenhower has no particular

ice, their schooling interrupted, their normal lives postponed.

It is clear, he said, that in this atomic age "we must rethink the problems of military strategy and military requirements."

Already, Stevenson said, the possibility can be anticipated hopefully but confidently, that in the foreseeable future the needed military forces can be maintained without the draft.

aversion to makeup, which is used quite often by persons appearing on TV, but his technical advisers have decided he doesn't need it. Hagerty said "there are no plans at all" for using any makeup on the President during the campaign.

York Springs PTA WILL HOLD FIRST MEETING

Mr. and Mrs. Harold Speck and children and Mrs. Speck's father,

R. H. Nichols, of Wilmington, N. C., spent several days with the former's parents, Mr. and Mrs. Ferman Speck, of Baltimore.

Mrs. Chester Tate and daughter, Doris Ann, of Harrisburg, spent the weekend with her parents, Mr. and Mrs. J. K. Mansberger. Doris Ann remained for a visit with her grandparents.

Rev. and Mrs. Finney and children, Fatsy and John, of Aberdeen, Md., were guests of Rev. and Mrs. Amos D. Meyers and family this week. They were en route from Illinois.

Mr. and Mrs. Grayson Weigle and sons, Bill and Robert, spent the

weekend with their son-in-law and daughter, Mr. and Mrs. I. Congleton, and family, of Detroit. Their daughter, Sandy, returned home with them after spending several weeks with her sister.

The York Springs Lions Club met on Tuesday at the scout cabin with President Harold Smith in charge. The committee composed of Donald Miller, Kenton Golden and William Lott reported that \$40 had been given by the local 4-H Clubs to be used toward construction of fireplaces in the park adjacent to the scout cabin. Arrangements were made to take the members of the Little League to Baltimore to see

a major league ball game. It was decided to turn the tennis court into a Little League ball diamond as the court has not been used. Tables and benches were placed in the park for use of anyone in the community and the fireplaces will be constructed in the near future.

Yorker's Body Is Found; Called Suicide

LANCASTER, Pa. (AP)—The body of a man tentatively identified as Francis Andrew Nash, York, Pa., was found in a parked car in a heavily wooded section of Lancaster County Tuesday.

Deputy Coroner John D. Helm said the man had been dead for at least 10 days. The coroner issued a verdict of suicide—inhalation of carbon monoxide fumes through a hose attached to the exhaust of the car.

IKE AND ADLAI WILL TALK AT PLOW CONTEST

NEWTON, Iowa (P)—Each presidential year of late, something happens to the national plowing matches. The top political campaigners grab the spotlight.

The 1956 event will be held on the Henry Steenhoeck farm here Sept. 20-21-22.

Adlai Stevenson, Democratic candidate for president, has promised the field days committee that he will speak here Saturday, Sept. 22.

President Eisenhower yesterday announced he would speak at the field days Sept. 21.

Their coming would seem to rank the Newton gathering politically with the 1952 event at Kasson, Minn., where the same presidential candidates expounded their farm views; and with the 1948 field days at Dexter, Iowa, where President Truman made his major pitch for midwestern votes.

Asked if he was prepared to entertain the President and Stevenson if they stopped in his yard en route to the speaking rostrum, Steenhoeck, 41, a grain and livestock farmer, replied:

"Well, I think we could scare up a cup of coffee or a meal such as us farmers have."

Steenhoeck, his wife and three sons, live in an older house on the farm he bought three years ago, but they move into a brand new seven-room house after the field days.

Asked if he is Republican or Democrat, Steenhoeck replied:

"Well, that all depends. . ."

And, in his answer, some politicians say, he sums up the reason that both parties may fire their biggest farm allies at the national field days.

duty has been interpreted in some quarters here as heralding the rise of younger officers to control of the army.

Brig. Gen. Arturo Ossorio Arana retired at his own request Tuesday.

In his letter to President Pedro Aramburu requesting retirement, Ossorio Arana said he expects to complete this year a revamping of the army ranks. He said it will include the "promotion of superior officers and the retirement of those who, by their rank and

length of service, exceed the possibilities offered by the makeup of the army in peacetime."

Some quarters said that statement could mean that younger officers who have become a behind-the-scenes power in recent months — may shortly assume open control of the army.

High-ranking officers led the revolution that ousted President Juan Peron a year ago. But it was a group of younger officers who spearheaded the coup that ousted the late Gen. Eduardo Lon-

SEEK FARMERS' VIEWS ON WATER CONSERVATION

HARRISBURG (P)—Pennsylvania farmers will have an opportunity to present their views on water conservation and flood control to a Joint State Government Commission task force within the next two weeks.

The Legislative Study Committee on Tuesday set Sept. 17 for hearing testimony and suggestions on the problems from representatives of the State Agriculture Department and farm organizations.

The task force, which was co-chaired by the two groups in Harrisburg.

Rep. Breth (D-Clearfield), co-chairman of the group, said yesterday that the commonwealth is in a position to get unlimited federal aid for construction of flood control projects.

Breth said the committee, while hearing testimony at a closed meeting, learned that the "U. S. program has no limit as far as state cooperation is concerned."

"This means dams can be built without cost to the community or state," Breth added.

The committee is considering recommendation of control legis-

lation to the 1957 General Assembly to further the cause of water conservation, Breth explained.

Breth said size would be the only limitation on the dams which could be constructed under U. S. soil and water conservation programs.

The minimum size would be 5,000 acre feet and the maximum would be 25,000 acre feet.

"This is a U. S. soil conservation program in which local areas up to 25,000 acres can form watershed protection programs," Breth said.

U. S. Will Pay

The Clearfield County lawmaker said the "important thing" about the act signed last Aug. 7, is that the federal government will pay for all flood control features in any flood control program.

"There is no limit on the number of such local watershed flood control dams that can be financed by U. S. Funds in Pennsylvania," he added.

He expressed belief that "legislation is indicated to bring about as extensive cooperation by the state as possible in Pennsylvania to get this local flood control program."

William Voigt Jr., Fish Commission executive director; Carlyle Gray, state geologist, and representatives of the State Health and Forests and Waters Department appeared before the group.

"It seems to me that our water problems cannot be solved until there's some centralized authority or governmental commission that can cut through mountains of red tape and get things done that have to be done to insure adequate water for both private, municipal and industrial and farm use," Breth said.

The group will meet next Wednesday in the Saucon Valley of Lehigh County with representatives of farm groups and industry to discuss local water problems.

IS REAPPOINTED HEADMASTER AT SAINT FRANCIS

The Rev. George J. Wuenschel, T.O.R., B.A., M.A., has recently been re-appointed for a three-year term as headmaster of Saint Francis Preparatory School, Spring Grove.

The appointment was announced at a meeting of the Provincial Curia at Loretto, Pa., headquarters of the Franciscan Fathers of the Third Order Regular.

Rev. Fr. Wuenschel, before his first-term appointment in 1953 to the headmaster post of the school, had served many years as a faculty member. He taught German, Latin, music and piano. He is a native of Pittsburgh and has been a member of the Order since 1925. He was ordained in 1935.

School Opens Thursday

The school will begin its 107th academic year on Thursday.

Solemn Mass will be offered in the school chapel. Rev. Wuenschel will be the celebrant. Rev. Luke Postek, assistant headmaster, and the Rev. David Melmer will assist.

Rev. Wuenschel will deliver the sermon during the ceremonies. Music will be provided by the student choir.

Classes will begin after mass. A student assembly will be held later in the day.

GETS CONTRACT FOR TAX STAMPS

HARRISBURG (P)—The Globe Ticket Co., Philadelphia, holds better than a million dollar contract to supply the state with six billion sales tax stamps for use in collecting the 3 per cent levy.

The State Property and Supplies Department awarded the contract Tuesday. Secretary John S. Rice said he would endorse the agreement today or tomorrow to complete arrangements.

The contract award is the last step in implementing the sales tax legislation passed by the 1955-56 Legislature.

The Globe firm submitted low bids of 16.6 cents per thousand for one, two and three-cent stamps. For higher denomination stamps printed on a better grade of paper, the bids ranged up to 20 cents a thousand.

The first 1,896,062,400 stamps are to be delivered by Dec. 15. Subsequent deliveries will be at the rate of about 500,000 a month.

Under terms of the sales tax legislation the stamps must go into use Jan. 1 or "as soon thereafter as practicable."

November election.

Austin was picked by the Democratic State Central Committee Tuesday to succeed Herbert C. Paschen. Paschen, Cook County treasurer, was nominated in the April primary but withdrew from the race after a controversial employment fund was investigated by county and federal grand juries, and by Senate Banking Committee investigators.

Austin flew to Springfield after his selection and promised a hard campaign against Republican Gov. William G. Stratton, who is seeking re-election.

Austin told newsmen he would campaign on the issue of "honesty and integrity based on the scandal in Springfield." He said this meant a campaign based on the scandal of former State Auditor Orville E. Hodge, now serving a prison term for embezzlement of state funds.

TWO PLANES CRASH

NAGOYA, Japan (P)—The U. S. Air Force said two jet fighter planes collided and crashed near Nagoya Wednesday killing one pilot and destroying a house.

The second pilot parachuted from his damaged plane and suffered only minor injuries. Names of the fliers were withheld.

The Air Force said a teen-age Japanese girl was hurt when the falling aircraft smashed into the house. Her injuries were not serious.

Cold roast beef (leftover) makes wonderful picnic sandwiches. Chop it fine and mix with grated horseradish and a little mayonnaise.

Kentucky Guardsmen Sent To Trouble School Areas

By THE ASSOCIATED PRESS
Tank-supported National Guard units were ready to prevent new racial outbreaks over public school integration today at towns in northwest Kentucky and east Tennessee.

Gov. A. B. Chandler of Kentucky ordered four National Guard units into tense Sturgis last night only a few hours after President Eisenhower in Washington urged that integration problems be solved without violence.

About 21 guardsmen and four tanks camped overnight on the grounds of Sturgis High School. Maj. Gen. J. J. B. Williams said "we're well prepared for any eventuality . . . At the moment I believe things are well in hand."

Integration began Tuesday in most of Kentucky's 221 school districts and generally proceeded quietly in that border state. At Sturgis, however, a crowd of 500 turned back eight Negro children who sought to attend classes with 310 white pupils.

Schools Are Picketed
Yesterday another jeering crowd of coal miners and farmers strung picket lines around the school, the only one in town. Some of the pickets carried signs saying "Go home or get hurt." Four of the Negro youths attended classes at Dunbar Negro High School, 11 miles away at Morganfield. The others stayed home. It wasn't known if they would make another attempt to enter classes.

At Clinton, scene of a series of violent riots, the Tennessee National Guard relaxed restrictions somewhat last night and only scattered disturbances were reported. About 100 of the 633 guardsmen rushed to the town Sunday were sent home. Roadblocks were abandoned temporarily and no special details were sent to the courthouse square where previous trouble developed.

Reporter Is Roughed Up
Reporter Bill Anderson of the Knoxville Journal said he was roughed up by a crowd in Oliver Springs, 12 miles west of Clinton, about the time 15 white men arrested in a melee at Oliver Springs Monday night were released from Clinton City Jail. Some of the prisoners scuffled with photographers as they left the jail where they

had been held in National Guard custody.
D. J. Brittain Jr., principal of the Clinton High School that integrated last week under federal court order, said some parents had reported dynamite threats to prevent them from sending their children back to school. Nevertheless, the number of pupils of both races increased yesterday. All 12 Negroes attended, 3 more than Tuesday. The white attendance was 312, up 55 from Tuesday, but still 482 short of the registered total.

Negroes Quit School
No trouble was reported in Texas yesterday. The effigy of a Negro still hung over the entrance of the Mansfield school where crowds earlier prevented 12 Negroes from enrolling. The National Assn. for the Advancement of Colored People has abandoned, temporarily, efforts to enroll the students.

At Fort Worth, the City Council unanimously adopted a motion for Mayor F. E. Garrison to form a citizens council of white and Negro members to study problems created by Negroes moving into previously all-white areas. A mob force Lloyd Austin, a Negro, to move from his house in a previously all-white block. Neighbors reported he has not been at the house the past few days, however.

Withdraw White Children
At Matoaka, a southern West Virginia mining community of 1,500 population, about 300 persons voted last night to keep their children out of newly integrated Matoaka High School. There are 27 Negroes enrolled among the school's 595 pupils.

The meeting followed a demonstration by about 200 persons at the school yesterday morning. There was some loud talk by white adults and one egg was thrown, but no real violence was reported. The Rev. Don Spurlock, minister at the Ashworth Methodist Church, quieted the crowd from a window at the front of the school. An egg was thrown at him as he closed the window.

Burn Two Crosses
At Montgomery, Ala., effigies of Negroes and a National Guardsman were hung in front of three Montgomery schools last night. The schools open today. No Negroes are expected to enroll.

Two crosses were burned in front of Frankfort, Ky., High School last night prior to the opening of integrated classes. Police attributed the burnings to pranksters and said they anticipated no serious incidents.

At Miami, Fla., the Dade County School Board yesterday denied the applications of two Negro pupils seeking admission to white schools. A wooden cross was burned last night on the campus of Texarkana, Tex., Junior College, where two Negro girls enrolled.

The college has an enrollment of about 1,000. First classes for the fall semester are scheduled for Monday.

and Reformed Church. The figure is \$400 above the fixed by the last general meeting of the church in 1953.

A report by the Commission on Church and Ministry presented to

the 10th triennial General Synod which ends tomorrow proposes the higher minimum in addition to parsonages. It also would "re-mind congregations of their responsibility for frequent reviews

of the salary of the pastor." Minimum salaries set by the ruling body of the denomination are only advisory to individual congregations which pay their own ministers.

Say Noisy Quarrel Preceded Shooting Of Big Game Hunter

CIUDAD TRUJILLO, Dominican Republic (AP)—Witnesses agreed today there was a loud quarrel over a story in Confidential magazine just before the publisher, Robert Harrison, 50, was shot.

But police waited to get Harrison's own story before deciding whether to prosecute Richard Welby, 35, jungle trapper and guide. The New York publisher was in a hospital here suffering from exhaustion, exposure and a slight flesh wound in the left arm.

Welby was under arrest in this city on a holding charge. He acknowledged to reporters at police headquarters yesterday he had shot Harrison Tuesday in woods where the publisher was hunting in the Jarabacoa Mountain district about 70 miles northwest of here. But he said the shooting was an accident.

Sore About Story

He said his rifle fell and went off as the two were having a "big argument" over a story in Harrison's magazine. The story told how Welby introduced Peruvian actress Pilar Palette, then his wife, to Hollywood star John Wayne in Peru in 1952. She later became Mrs. Wayne.

"I never had any intention of hurting Harrison," he declared, "although I was sore because of the story in the magazine."

A. P. Govoni, managing editor of Confidential and Harrison's hunting companion, said last night "Welby was shouting and gesturing abuse because of the story in the magazine."

Didn't See Shooting

He said he did not see the shooting because he had just stumbled and fallen on his face. He told newsmen he could not say whether the shooting was accidental or deliberate. "Harrison will have to tell you that," he added.

A pretty American woman singer, Gene Courtney, also was on the hunting trip when Welby happened upon the party. Welby and Govoni left her with the wounded Harrison in the jungle.

Deplores Poor Shot

Both were found yesterday, the day after the shooting, suffering from exhaustion, nervousness and exposure. They were brought to the same hospital in Ciudad Trujillo. Doctors would not let reporters or photographers see them. They said Harrison's arm had merely "a flesh wound—nothing serious at all." But they reported Miss Courtney near nervous collapse.

Wayne told reporters in Hollywood that about the only thing true in the Confidential article was "that I was in Peru." He added, "as far as Welby is concerned, I think he's a nice enough fellow and I hope he's not in trouble. But I deplore the fact he's such a poor shot."

General's Son Has Joined Coast Guard

DENVER (AP)—The son of an Army general has joined the Coast Guard.

The Coast Guard recruiting office here identified him as Hugh R. Johnson, 18, of Colorado Springs. He is the son of Brig. Gen. Dwight B. Johnson, chief of staff of the Army anti-aircraft command at Colorado Springs.

Towering Forest Is Spiritual Bulwark

MEMPHIS (AP)—Towering Forest Arnold, Memphis State's star basketball center, ignored a better-than-\$12,000 professional offer from the St. Louis Hawks of the National Basketball Association.

He's sticking to his first love—the ministry. He was appointed youth director at the First Assembly of God Church last June.

HEAVY VOTE

BRUNSWICK, Neb. (AP)—Voters turned out in bigger numbers than usual to ballot in a town election. One reason was the fire siren at the city hall was short circuited and blew for several minutes. People hurried to the City Hall to find out what was wrong, stayed to vote.

BOY SCOUTS TO
(Continued from Page 1)
set records for advancement. Riddle said.

Chief of Police Jack Bartlett will visit troops on request to give talks and demonstrations on rifle and pistol safety, it was announced. Bartlett asked the scoutmasters to confer with their scouts to determine whether they wished rifle or pistol information prior to his visit.

Dr. Joseph H. Riley and Attorney Edward B. Bullett were named as a committee to secure nominees for camping and activities chairman.

Col. Donald Williams has resigned because his Air Force duties involve much traveling through the U. S.

Riley, Riddle and Rogers were appointed a committee to meet with Glenn Little concerning a signalling device he has offered to the district. The mechanism is designed to aid in the teaching of the Morse code.

Dean W. E. Tilberg spoke on the need for more members on the operating committees of the district. Using as an example the organization and extension committee, Tilberg observed, "There are only two men on that committee and within a few months they have set up two new troops. No one could do better, but it is too much to ask of just two men. We must interest more men to aid the various committees if only to give the present members a chance to breathe. We are seeking to do too much with too few."

COUPLE MARKS THEIR 72ND ANNIVERSARY

BOYERTOWN, Pa. (P-M)—Mr. and Mrs. Reuben Slotter are observing a wedding anniversary today. Nothing special in the way of entertainment. Some of the children might drop by. But that's about all.

"Nothing to get excited about. Can't understand all the commotion anyway," was the way Reuben put it when newsmen called.

Of course, wedding anniversaries are hardly a novelty to the couple. After all, this is their seventy-second.
